Ossining, NY 10562

Enrollment Projections for 2012-2013

On an annual basis, the Board of Education reviews projections for enrollment for the forthcoming school year. Demographer and Coordinator of Western Suffolk BOCES Office of School Planning and Research, Ms. Joan Townley, will provide the Board and community with the findings and projections for Ossining School District Student Enrollments for the 2012-2013 school year and beyond. Following the projections, Superintendent Dr. Phyllis Glassman will share an overview of the relationship between student enrollment and staffing. Dr. Glassman will review the Board of Education Policy on Class Size and share preliminary recommendations for elementary school staffing for the forthcoming school year.

Facilities Planning

The facilities in which students are educated impact student achievement and success. Under the leadership of the Deputy Superintendent and the Assistant Superintendent for Business, in support of students, staff, families, and community residents, an update will be shared regarding facilities planning, recognizing urgent needs relative to infrastructure, building rehabilitation, capacity issues, space, and renovation, among other factors.

Following the above, the Board will act upon recommendations from the Administration regarding business of the Board and personnel matters.

Members of the school community are encouraged to attend this and all Board of Education meetings. Opportunities will be provided for members of the community to raise questions following the Work Session presentation and prior to Board of Education action on agenda items.

Following the Board of Education meeting, this meeting, as well as all Board meetings, will be aired on GO-TV and easily accessed on the Ossining School District Web site at www.ossiningufsd.org. Everyone is encouraged to subscribe to the informative *O-Blasts* by visiting the District Web site and enrolling.
